

Vision Statement

Inkpen is a caring, family-centred school. Individuality is celebrated in a secure and happy environment, where all children are encouraged to grow into confident, independent learners, challenging themselves to discover and develop their own gifts and talents in order to realise their full potential. Academically, we strive for the very best in each child.

Children are guided by our values to care for and respect one another in all aspects of school life, developing a greater awareness and respect for people all over the world, as well as promoting links between home, school and the village of Inkpen.

We wish for our children to achieve:

- A love of learning, leading to the development of open and enquiring minds
- A healthy lifestyle
- A respect for others as well as themselves
- Readiness for secondary education

As a school, we aim to provide:

- A safe, secure and attractive environment
- A rich and inspiring curriculum
- Highly-skilled, caring and supportive staff
- High quality staff training and development

In the wider community, our aim is to:

- Build excellent relationships with our parents and carers
- Have good communication processes
- Be a positive role model in the community
- Provide good links to all outside support agencies
